Report on LinkedIn Profiles (Premium Access) in Association with Face Prep

Introduction:

The Department of Computer Science organized a seminar on **LinkedIn Profiles (Premium Access)** in collaboration with **Face Prep** on **12th February 2025**. The event was aimed at guiding students on how to optimize their LinkedIn profiles for better career opportunities and networking. The session provided insights into utilizing LinkedIn Premium features effectively.

Objectives of the Program:

- To educate students on the importance of LinkedIn for professional networking.
- To provide hands-on knowledge about optimizing LinkedIn profiles.
- To demonstrate the benefits of LinkedIn Premium Access.
- To help students connect with industry professionals and recruiters.

Key Discussions:

- **Dr. I. Vijayababu** delivered the inaugural address, highlighting the significance of professional networking in career growth.
- **Dr. A. Siva Prasad** elaborated on how students can leverage LinkedIn to build their professional identity.
- **Mr. Rohan** discussed LinkedIn's AI-driven job recommendations and resume optimization features.
- **Mr. Krishna** shared strategies to enhance profile visibility and attract recruiters.
- **Ms. Sridevi** conducted a live demonstration on LinkedIn Premium tools, including InMail, Skill Assessments, and Learning Paths.
- **Ms. Sai Swaroopa** guided students on networking etiquette and how to make impactful connections.

Outcomes of the Event:

- Students learned how to enhance their LinkedIn profiles and increase their chances of landing job opportunities.
- Improved understanding of LinkedIn Premium features and their advantages.
- Participants received guidance on professional networking and job search strategies.

Number of Students attended:

A total of 501 students from our college participated in the workshop, actively engaged in the session and gained valuable insights.

Conclusion:

The seminar was highly beneficial, equipping students with practical knowledge on optimizing their LinkedIn profiles. The collaboration with **Face Prep** provided hands-on expertise, ensuring that students are well-prepared for professional networking. Future sessions will be planned to further enhance career readiness among students.
