## Report on Safer Internet Day - 11th February 2025

The Department of Computer Science and Commerce, in collaboration with Social and Media Matters, successfully organized a seminar on "Safer Internet Day" on 11th February 2025 at Dr. V. S. Krishna Government Degree College.

### Objectives of the Program:

- To raise awareness about online safety and digital security.
- To educate students about responsible internet usage.
- To highlight cybersecurity threats and preventive measures.
- To promote ethical online behavior and digital well-being.

### Program Details:

The Department of Computer Science organized a seminar on **Safer Internet Day 2025** on **11th February 2025**. The event aimed at spreading awareness about safe and responsible use of the internet. The program commenced with an inaugural speech by **Dr. I. Vijaya Babu**, Principal, emphasizing the importance of cybersecurity in today's digital world.

**Dr. A. Siva Prasad**, HOD, provided insights into **cyber ethics and online privacy**, urging students to be cautious about their digital footprint. **Sri. S.A.S.V. Sambha Murthy** spoke about **cyber threats and safety measures**, highlighting phishing attacks, password security, and social media risks. **Sri. P. Ramachandra** addressed students on **best practices for a secure online presence** and ways to protect personal data from cybercrimes.

### Outcomes of the Event:

- Increased awareness among students about cyber threats and internet safety.
- Practical knowledge on protecting personal and academic data online.
- Encouragement to adopt strong cybersecurity habits and ethical digital behavior.

### Number of Students Attended:

- A total of 300 students participated in the workshop, actively engaging in discussions and Q&A sessions.

### Conclusion:

The seminar successfully fulfilled its objective of spreading awareness about **internet safety and cybersecurity**. The Department of Computer Science plans to organize similar awareness programs in the future to keep students updated with evolving digital security trends.
